EVO PROGRAM

The **EVO Program** gives wheelchair users peace of mind, knowing that their unique needs won't leave them with an ill-fitting chair, whether that means a frame replacement or customizations.

THE OPTIMAL SOLUTION TO ENSURE EVERY COMPONENT OF YOUR WHEELCHAIR IS TAILORED TO YOUR UNIQUE NEEDS.

A PRECISELY ADJUSTED REPLACEMENT BASE FRAME DESIGNED TO ACCOMMODATE YOUR CHANGING NEEDS.

CUSTOMIZATION STARTS HERE!

Our wheelchairs are designed for adjustability and meet a wide range of needs. **EVO Custom**, a part of the **EVO Program**, takes it even further! We know that the right customization solution can be life changing for wheelchair users. From subtle tweaks for comfort and mobility improvements to fully reimaged components tailored to your unique requirements, we're here to support you.

EXPRESS

OFF THE SHELF

- Recurrent customization requests that are kept in stock.
- Same quoting process as a regular order through customer service.
- Same lead times as a regular order.

TAILORED

MADE TO ORDER

- Recurrent customization requests that require manufacturing, but have already been designed.
- Same quoting process as a regular order through customer service.
- Minimal added lead times for manufacturing.

SIGNATURE

GO BEYOND

- Customization requests requiring a new design, a technical assessment, or further research.
- Quotes provided within a few extra days.
- Lead time vary depending on complexity.

HOW TO ORDER

GETTING STARTED WITH EVO CUSTOM IS SIMPLE.

SCAN HERE!

For **EXPRESS** and **TAILORED** customization levels, you can include your request or existing custom solution from our catalog in the notes section of your standard wheelchair order form. Prefer using a dedicated form? Our [EVO Custom Request Form](#) is also available for all customization levels and helps ensure nothing gets missed.

For **SIGNATURE** requests, or if you are not sure where your idea lands, the [EVO Custom Request Form](#) is strongly recommended to help us assess your needs and provide accurate timeline and pricing.

FRONT WHEELS

CASTER LOCK PIN **EXPRESS**

0005330A-XX

APEX C | APEX A | VELOCE

Mechanism to prevent caster wheels from pivoting to help maintain direction. Can be activated or deactivated.

- Straight stem bolt
- 1" taper stem bolt
- 2" taper stem bolt

Approx. weight: 1.04 - 1.16 lbs (0.475 - 0.525 kg)

Available for standard length stem bolt only. Not compatible with Frog Legs.

- Facilitates unidirectional movement (straight trajectory).
- Prevents wheels from swiveling.
- Allows for safer transfers by preventing the front casters from swiveling.

FOOT SUPPORTS

CARBON PLATFORM FOOTPLATE

0005399A-XX

TAILORED

APEX C | APEX A | VELOCE

Custom sized carbon footplates that are not available on the order form.

Full-width plate only. Customer must specify desired width and depth.

- Accommodates lower extremity asymmetries.
- Accommodates range of motion limitations in the foot/ankle complex.
- Provides durable foot platform while being very lightweight.

ALUMINUM PLATFORM FOOTPLATE

0005400A-XX

TAILORED

APEX C | APEX A | VELOCE

Custom sized aluminum footplates that are not available on the order form.

Full-width plate only. Customer must specify desired width and depth.

- Accommodates lower extremity asymmetries.
- Accommodates range of motion limitations in the foot/ankle complex.

WINGED PLATFORM FOOTPLATE EXPRESS

0014753A-00

APEX C | APEX A

Custom 3D printed footplate with raised sides installed on an open loop structure.

Approx. weight: 1.04 lbs (0.47 kg)

Available only on the open loop.

- Facilitates optimal foot alignment.
- Helps prevent the lower extremities from falling laterally off the footplate.

ELEVATING LEG RESTS EXTENSION TUBE EXPRESS

0013514A-00

HELIO C2 | HELIO A6 | HELIO A7

Custom elongated tube for the elevated leg rests. Adds 2" to the longest extension available on order form.

Adds maximum 2" of length to elevating leg rests.

- Accommodates longer leg lengths.

SWING AWAY RESIDUAL LIMB SUPPORT EXPRESS

0006252A-XX

APEX C | APEX A | VELOCE

Sturdy and easily removable swing away residual limb support. Available for either left or right, in two shapes (flat or contoured), and in several different sizes.

- Swing out residual limb support - Flat 6x8"
- Swing out residual limb support - Flat 8x10"
- Swing out residual limb support - Flat 10x10"
- Swing out residual limb support - Flat 10x14"
- Swing out residual limb support - Contoured 6x8"
- Swing out residual limb support - Contoured 8x10"

Approx. weight: 2.79 lbs (1.26 kg)

Full-width plate only. Additional cushion sizes may be available as a Tailored or Signature.

- Provides support to the residual limb.
- Facilitates optimal alignment of the residual limb.
- Swing away feature helps facilitate transfers and ADLs.

HIGH MOUNT FLIP BACK FOOTPLATE TAILORED

0011380A-00

APEX C | APEX A

Full flip back footrest assembly installed as a high mount on APEX chairs. Easily adjustable to various heights.

Approx. weight: 1.04 lbs (0.47 kg)

Custom includes structure only. Footplate is delivered with the chair. Minimum chair width: 12".

- Accommodates a range of leg lengths at a desired height.
- Flip back feature facilitates transfers and ADLs.

APEX FOOTPLATE ASSEMBLY WITH LONG CLAMP

TAILORED

0012756A-00

APEX C | APEX A

Custom footrest clamp on APEX chairs that allows for height adjustability by splitting the tube in 2 and using a longer clamp to unite both ends. This allows freedom of movement going up and down even with a taper in the footrest.

Angle adjustable footrest only. Clamp and structure only (no footplate).

- To maximize footrest height adjustability

BACKRESTS

HEIGHT ADJUSTABLE SINGLE HANDLE **EXPRESS**

0009313C-00

APEX C | APEX A

Height adjustable and removable back cane installed on rear aluminum rigidizer. Single push handle mount on APEX rigidizer.

For APEX C, the carbon rigidizer needs to be replaced with an aluminum version.

- Facilitates caregiver assistance for dependent mobility.
- Handle can be quickly adjusted to the desired heights.

REINFORCED DEPTH ADJUSTABLE BACKREST STRUCTURE **TAILORED**

0013276A-XX

HELIO kids

Can help prevent breakage under demanding use.

- 9-12" • 8° - 9-12"
- 12-15" • 8° - 12-15"
- 15-18" • 8° - 15-18"
- 18-21" • 8° - 18-21"

Depth adjustable back only. Weight capacity 175 lb.

- Depth adjustability facilitates optimal postural alignment.
- The reinforced material helps accommodate abnormal tone and reduces risk of premature back cane failure.

FOLDING BACK CANES - FIXED ANGLE EXPRESS

MULTIPLE

VELDCE | HELIO C2 | HELIO A7 | HELIO A6
MOVE | HELIO kids

Allows back canes to fold down on folding chairs. Compatible with any fixed angle back cane configuration.

- Straight aluminum canes 9-12"
- Straight aluminum canes 12-15"
- Straight aluminum canes 15-18"
- Straight aluminum canes 18-21"
- 8° aluminum canes 13.5-15"
- 8° aluminum canes 15-18"
- 8° aluminum canes 18-21"
- Straight carbon canes 9-12"
- Straight carbon canes 12-15"
- Straight carbon canes 15-18"
- Straight carbon canes 18-21"
- 8° carbon canes 13.5-15"
- 8° carbon canes 15-18"
- 8° carbon canes 18-21"
- Integrated push handles aluminum canes 9-15"
- Integrated push handles aluminum canes 15-21"
- Integrated push handles aluminum canes 21-24"
- 8° integrated push handles aluminum canes 17-20"
- 8° integrated push handles aluminum canes 21-24"

Approx. weight: 1.10 - 1.70 lbs (0.50 - 0.80 kg)

Not compatible with ISO7176-19 or WC-19. Not compatible with flip back armrests.

- Facilitates ease of storage and transportation.

FOLDING BACKCANES - ADJUSTABLE ANGLE

EXPRESS

MULTIPLE

VELOCE | HELIO C2 HELIO A7 | HELIO A6
MOVE | HELIO kids

Allows back canes to fold down on folding chairs. Compatible with any adjustable angle back cane configuration.

- Aluminum canes 15-18"
- Aluminum canes 18-21"
- 8° aluminum canes 15-18"
- 8° aluminum canes 18-21"
- Carbon canes 14-15"
- Carbon canes 15-18"
- Carbon canes 18-21"
- 8° carbon canes 14-15"
- 8° carbon canes 15-18"
- 8° carbon canes 18-21"

Approx. weight: 1.10 - 1.70 lbs (0.50 - 0.80 kg)

Not compatible with ISO7176-19 or WC-19. Not compatible with flip back armrests.

- Facilitates ease of storage and transportation.
- Angle adjustable back canes facilitate optimal positional adjustments.

UPHOLSTERY & SEATING

ADDUCTOR TAILORED

0015196A-XX

**APEX C | APEX A | VELOCE | HELIO C2
HELIO A7 | HELIO A6 | MOVE | HELIO kids**

Custom external laterals that can be configured in any shape, length, height or thickness. Allows seating area to be reduced.

It is mandatory to specify the size and thickness of each lateral pad..

- Facilitates neutral alignment of the lower trunk and pelvis.
- Prevents excessive lateral movement of the lower trunk and pelvis.

KNEE ADDUCTOR TAILORED

0006009A-XX

**HELIO C2 | HELIO A7 | HELIO A6
MOVE | HELIO kids**

Knee adductor available left and right installed on chair to hold user's knees in place. Can be adjusted in height by sliding in the holder and is easily removable.

- Left side
- Right side

It is mandatory to specify the size and thickness of each pad.

- Facilitates neutral alignment of the knees.
- Prevents excessive abduction of the distal thighs.

CARBON FIBER SOLID SEAT PAN TAILORED

0010294A-XX

APEX C | APEX A

Carbon fiber solid seat pan to replace fabric seat slings, can fit any chair size, includes installation hardware.

- Provides durable and stable base of support for the seat cushion.
- Prevents hammocking and helps maintain optimal positioning.

NXT BACK SUPPORT VELCRO PATCH EXPRESS

MULTIPLE

AVAILABLE ON ALL NXT BACK SUPPORTS

USA Military service patches for any solid NXT backrest. Can be preinstalled, or sent with adhesive velcro for easy self installation.

- Air force patch with velcros
- Army patch with velcros
- Navy patch with velcros
- Marine corps patch with velcros
- Purple heart patch with velcros
- Coast guard patch with velcros
- Space force patch with velcros
- USA flag patch with velcros

Available for installation internally when ordering a NXT back support, or to retrofit on an existing back support.

REAR WHEELS

ONE ARM DRIVE KIT FOR 22" WHEEL

TAILORED

0005993A-XX

HELIO C2 | HELIO A7 | HELIO A6 | MOVE

One arm drive assembly for 22" rear wheels, comes complete with anodized or plastic handrims.

Newton One wheel only.

- Facilitates unilateral manual wheelchair propulsion.
- Facilitates independent mobility for individuals with hemiplegia or hemiparesis.

CUSTOM COLORED SPINERGY WHEELS

TAILORED

0014849A-XX

**APEX C | APEX A | VELOCE
HELIO C2 | HELIO A7 | HELIO A6 | HELIO kids**

Spinergy wheels in any hub and spokes color variations.

Customer must specify desired Spinergy configuration.

- Facilitates stability and rigidity while being lightweight.
- Offers vibration damping properties.
- Allows user to express their unique self.

VERTICAL PROJECTION HANDRIM EXPRESS

0011423A-00

APEX C | APEX A | VELOCE | HELIO C2
HELIO A7 | HELIO A6 | MOVE | HELIO kids

Vertical projections on handrims, includes protective covers on projections.

Approx. weight: 1.22 lbs - (0.55 kg).

Not compatible with mag wheels. Available for all Motion Composites and Newton handrims.

- Facilitates propulsion for users with limited hand function.
- The vertical direction of the projections does not impact the overall wheelchair width.

WHEEL LOCKS

UNILATERAL WHEEL LOCK WITH EXTENSION

EXPRESS

0004570A-XX

VELOC2 | HELIO C2 | HELIO A7 | HELIO A6
MOVE

Unilateral Pull-to-Lock wheel lock mechanism with extension installed on lever, to lock both wheels from one side only.

- 10-15" left + extension
- 10-15" right + extension
- 16-22" left + extension
- 16-22" right + extension

Approx. weight: 1.48 - 1.59 lbs (0.67-0.72 kg)

Includes unilateral wheel lock and extension installed when sold as parts.

- Facilitates unilateral locking of the manual wheelchair.
- Facilitates independent engagement of wheellocks for individuals with hemiplegia or hemiparesis.

EXTENSION FOR UNILATERAL WHEEL LOCK

EXPRESS

0014849A-XX

VELOC2 | HELIO C2 | HELIO A7 | HELIO A6
MOVE

Unilateral wheel lock extension sent as a add-on to the mechanism. Easy to install.

Extension only.

- Facilitates access to the unilateral wheel lock.
- Facilitates independent engagement of the unilateral wheel lock for clients with limited unilateral reach.

ATTENDANT WHEEL LOCK EXPRESS

0005422A-00

APEX C | APEX A | VELOCE

Attendant wheel lock installed on APEX or VELOCE chair frame.

Approx. weight: 1.11 lbs (0.50 kg)

Only one side included.

- Facilitates caregiver assisted engagement of the wheel locks for the dependent client.

APEX C | APEX A

VELOCE

ANTI-ROLLBACK SYSTEM EXPRESS

0006946A-01

VELOCE | HELIO C2 | HELIO A7
HELIO A6 | MOVE | HELIO kids

Anti-rollback mechanism that locks the rear wheels for added safety when user gets off the wheelchair seat, even when they fail to use standard wheel locks. Can be installed on chair at time of order, or sent to a dealer with proper instructions for easy installation.

- 22" PratiKo wheel lock system
- 24" PratiKo wheel lock system

0 deg camber, no amputee plate, 250 lb max., maximum width 20". Kit sold as parts for the customer to install (contains instructions).

- Prevents the wheelchair from rolling back during user transfers.
- Facilitates safety during user transfers or when standing.

ARMRESTS

HEIGHT ADJUSTABLE FLIP BACK ARMREST EXPRESS

0011495A-XX

APEX C | APEX A

Mechanism to allow armrest to pivot backwards and clear space on chair sides on rigid wheelchairs where it is normally not available.

- Desk length 8-12" height-adjustable flip back armrest on APEX
- Full length 8-12" height-adjustable flip back armrest on APEX

Additional heights may be available as a Tailored or Signature

- The flip back armrests can be flipped back to facilitate transfers, ADLs or proximity to desks and tables.

ARM TROUGH EXPRESS

0011719A-XX

APEX C | APEX A | VELOC2 | HELIO C2
HELIO A7 | HELIO A6 | MOVE | HELIO kids

Arm trough support installed on armrest structure, comes with arm and hand support.

- Rolko Arm trough assembly (left)
- Rolko Arm trough assembly (right)

- Facilitates optimal positioning of the upper extremity at the desired height.
- Facilitates optimal positioning of the upper extremity to abnormal tone or movement.

ARMREST FRONT EXTENSION EXPRESS

0012167A-00

APEX C | APEX A | VELOCE | HELIO C2
HELIO A7 | HELIO A6 | MOVE | HELIO kids

Three inch forward extension to single post or flip back armrests. Comes with a reinforced structure for added safety.

- Armrest front extension 8-12"
- Armrest front extension 10-14"

Approx. weight: 0.17 lbs (0.08 kg)

Full length armpad included.

- Facilitates transfers for users with limited reach.
- Facilitates safety and independence during transfers.

SIDE GUARDS

FOLD DOWN SIDE GUARD BRACKET EXPRESS

0005476A-00

APEX C | APEX A | VELOCE | HELIO C2
HELIO A7 | HELIO A6 | MOVE | HELIO kids

Bracket designed to allow side guards to fold inwards.

Folding wheelchair cannot fold with side guard folded. Bracket only.

- Efficiency for folding and storing the wheelchair.
- Eliminates the need of removing the sideguard to fold down back canes.

ACCESSORIES

APEX SWING AWAY ANTI-TIPPER AND TIP ASSIST

EXPRESS

0006589A-00

APEX C | APEX A

Anti-tipping device for APEX models easily flipped in or under when not in use. Can be activated by user or caregiver to facilitate transitions or obstacles. Equipped with tip assist for caregivers.

Approx. weight: 1.28 lbs (0.58 kg)

APEX only, only one side included.

- These anti-tippers can be flipped in or under when not in use.
- The tip assist facilitates caregiver assistance when traversing over uneven ground.

UNOCCUPIED TRANSIT TIE DOWN **EXPRESS**

0012717A-00

APEX C | APEX A | VELOCE

Complete tie down system for unoccupied transit. Hooks to attach and transport the wheelchair in a vehicle.

Approx. weight: 0.76 lbs (0.35 kg)

Contains all 4 tie downs and hardware.

- Facilitates safety during unoccupied wheelchair transportation.

IV POLE ASSEMBLY WITH CLAMP TAILORED

0017446A-00

VELOCE | HELIO C2 | HELIO A7
HELIO A6 | MOVE | HELIO kids

Height adjustable IV pole support, can be installed on either side of the wheelchair.

- Facilitates medication transportation and administration.

OXYGEN TANK HOLDER EXPRESS

0016719A-01

VELOCE | HELIO C2 | HELIO A7
HELIO A6 | MOVE

Oxygen tank holder installed on the right at the back of the chair. Pivots to clear space when necessary.

Approx. weight: 1.54 lbs (0.70 kg)

Compatible with D and E size tanks. Available for D or E size tanks.

- Facilitates transportation of oxygen for users with supplemental oxygen needs.

0017446A-00	IV POLE ASSEMBLY WITH CLAMP	Adjustable iv pole support, can be installed on both sides of the chair and easily adujstable in height	Tailored	Each	\$410
0016719A-01	RIGHT MOUNTING OXYGEN TANK HOLDER	Custom oxygen tank holder for wheelchairs with certified transit tie down. Pivots easily to clear space when necessary.	Express	Each	\$695

GO BEYOND!

Who we are: passionate innovators pushing the boundaries of what is possible. What we do: combine leading-edge engineering with innovative materials to create movement. What makes us proud: having our ultralight wheelchairs echo the love of life their users demonstrate each day.

Through our unique approach and distinct attitude, our aim is to enhance lives, nourish a sense of freedom and revolutionize the way people see wheelchairs.
