

EVO PROGRAM

Wheelchair users often experience changes in their condition which can affect their needs and requirements over time. These changes can be influenced by a variety of factors.

Motion Composites is committed to ensuring that wheelchair users maintain their mobility, comfort, and independence.

NO WORRIES,
WE GOT YOU

EVO PROGRAM

The Motion Composites rigid wheelchairs are one of the most adjustable rigid chairs available on the market for a tailored experience that better fits your exact needs. However, sometimes life changes happen without warning. A user whose condition has changed can use the EVO Rigid to get a perfectly adjusted base frame replacement, ensuring optimal fit and ride efficiency. They can even keep using their chair during the process since it doesn't need to be sent back to Motion Composites, eliminating any inconvenience!

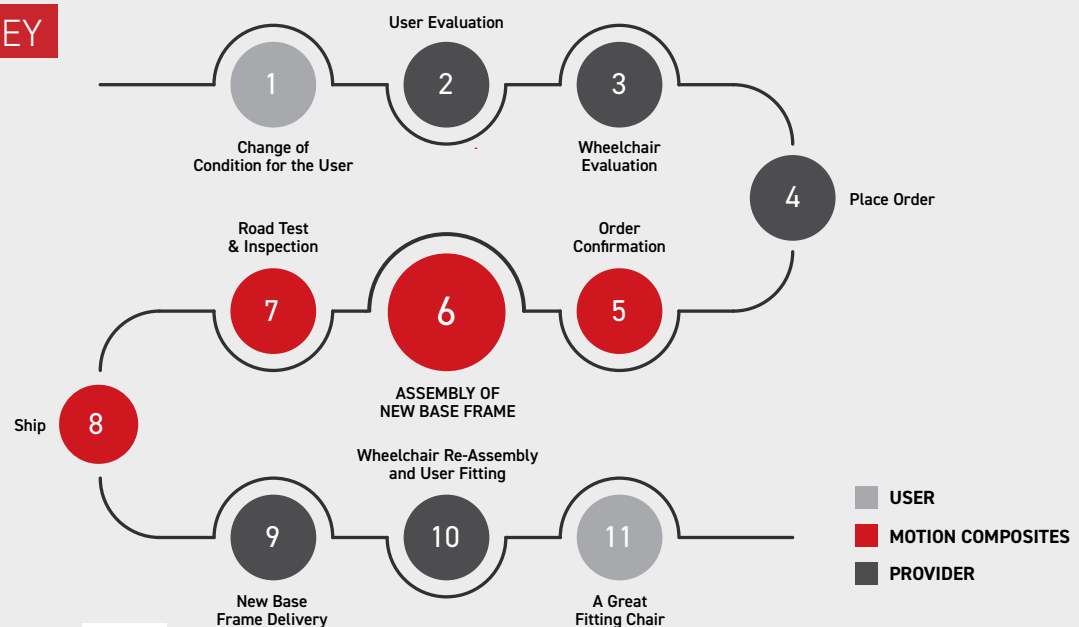

When the new base frame is ready, the user simply goes to their local provider's location for an in-house exchange!

- Worry-free base frame replacement
- No need for a brand new chair
- Easy and affordable
- Processed as quickly as our regular orders
- Keep your chair while you wait

THE OPTIMAL SOLUTION TO ENSURE EVERY COMPONENT OF YOUR WHEELCHAIR IS TAILORED TO YOUR UNIQUE NEEDS.

YOUR JOURNEY

YOUR OPTIONS

WITH INITIAL ORDER

When you order your chair, add in the **EVO Rigid** option to prepare for any potential changes in your condition within the first two years.

WHEN YOU NEED IT

When you already have and love your chair, but realize your fit is no longer optimal, all you need is a different frame to achieve a perfect fit!
