ENHANCED AUTONOMY -

GROWS WITH YOUR KIDS

HELIO kids C

NEW!
HELIO kids A

A WHEELCHAIR SO NICE, WE MADE IT TWICE!

Shaped by years of experience working with children and families, the HELIO Kids folding pediatric wheelchair is now available in aluminum, a new way to keep up with children's active lives.

Whether it's playing with friends, going to school, having fun and getting around easily... kids should be free to be kids!

Easier propulsion and handling → Reduced strain and improved everyday mobility thanks to our renowned performance-driven frame design, featuring a one-piece side frame, ultra-rigid folding system, and symmetrical cross brace.

Adapts as the child grows → Long-term usability, enhanced by a depth-adjustable back, growth kit and other features for even greater fit and flexibility over time.

Ultralight and durable → Lightweight for greater freedom of movement. Engineered to withstand kids being kids.

Safety-oriented by design → A choice of accessories, options and configurations, including WC19 compliant transit anchors, support secure transportation and peace of mind.

Easy personalization through colors and accessories → Kids can express themselves and feel a sense of ownership over their wheelchair through independent color selections for the frame and foot hangers, optional handrim colors, or additional customization solutions.

MEET THE STARS
