

COLOR CHART

We believe that it is important for people to express their individuality and personal style and have their mobility devices feel more like an extension of themselves. The choice of color for a wheelchair, whether bright or discreet, eccentric or muted, is one of the most emotional choices a user makes. It is a way to have the chair fit with who you are, whether exuberant, quiet, elegant or artistic. Our vibrant and stylish wheelchair colors is just one more way we are committed to providing our customers with the best possible experience.

## FRAME COLORS

Black or High Gloss Carbon Fiber (if carbon fiber frame)

*\*The above frame colors are available for all wheelchair models except the APEX A. Color representation may vary from one monitor/printer to another. Therefore, the actual paint color on your wheelchair might differ slightly from what you see on your screen or your brochure*

### Custom color

*Motion Composites can match any desired color.*

## ACCENT COLORS

*\* Available on APEX and VELOCE only.*

## MIX AND MATCH

Our order forms allow for independent selection of both frame and accent colors, enabling a variety of unique and customizable color combinations.
